DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1-15 and 18 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. There is no explanation in the specification nor the disclosure supports for the added limitation "a closed opposing end".

3. Previous rejections under 35 USC 102 (b) and 35 USC 103(a) have been maintained. For detailed explanations please see previous office action pages 2-6.

Allowable Subject Matter

4. Claims 16, 17, 19, and 20 are allowed.

Art Unit: 3737
